

FOR PARENTS

## Parental Controls Guide

# NINTENDO SWITCH

### App

Nintendo have a smartphone app which you can download to set parental controls on the Nintendo Switch.

### Account

To enable the parental controls you must set up a Nintendo Account. It is not possible to set up different parental controls for individual users.

### Games

You can monitor which games your child is playing from the app and also how long they play them. You can also access a monthly report.

### Daily Limit

Through the app you can set a daily time limit. This will be displayed on the console and show how long they have left to play.

### Restrict Features

You can set restrictions such as browsing gameplay, posting screenshots and communicating with others.

### Restriction Levels

The levels you can set are:  
Child  
Pre-Teen  
Teen  
These will enable restrictions based on the age of the child.

## Download the Parental Controls App

Google Play Store  
(Android)

Apple App Store (iPhone)
